HHT ANNOUNCES NEW CONCERT SERIES

There's a whole lot of rockin' going on down at the Historic Hemet Theatre these days. The dynamic concert venue in the center of Hemet's downtown district is packing them in these days. The Tribute to the Beatles featuring Britain's Finest last Saturday became the fifth concert in a row to completely sell out. Fans of the "Fab Four" packed the dance floor and the whole auditorium on their feet to "Twist and Shout." Tributes to The Rolling Stones and The Doobie Brothers coming up on April 29th and May 13th are expected to sell out as well.

Now the Foundation has released the schedule for its concerts for the second half of the year. Six of the concerts will comprise the "Tribute Mania" concert series which is the centerpiece of the theatre's calendar.

Tribute Mania Series Schedule

- Saturday June 17th - Visions of Fleetwood Mac featuring Mirage
- Saturday July 29th - Tribute to Pat Benatar by Jill Marie Burke and Live From Earth
