NEW SEASON ANNOUNCED FOR HHT

The Historic Hemet Theatre has just announced the lineup for the first season of 2018. The new season will run from January thru April, featuring eight tribute concerts. Several of the bands are favorites from previous seasons while many have never performed in Hemet before.

Ticket prices for concerts will remain \$22 presale and \$25 day of show. Special Season Tickets will again be available for patrons purchasing tickets for at least four shows in the season. Season Ticket VIPs save \$2 off the presale price and are given early seating 15 minutes before general admission. There is a limited number of season tickets available for each show (which are expected to sellout quickly).

The 2018 Season One lineup:

- Saturday January 13: Tribute to The Beatles with Britain's Finest
- Saturday January 27: Tribute to Rod Stewart featuring Forever Rod
- Saturday February 10: Tribute to Lynyrd Skynyrd by Southbound and Company
- Saturday February 24: Tribute to Santana featuring Smooth Sounds of Santana
- Saturday March 10: Tribute to Bob Seger with Turn The Page
- Saturday March 24: Tribute to Fleetwood Mac by Mirage
- Saturday April 14: Tribute to Bruce Springsteen with The Rising
- Saturday April 28: Tribute to Tom Petty and the Heartbreakers featuring Petty and the Heartshakers

Showtime for all concerts is 7:00 pm. Tickets are available online at www.PurplePass.com or at the theatre ticket office. Tickets are also available at the Downtown Deli, 113 N Harvard St and the Harvard Street Music Exchange, 134 S Harvard St.

Meanwhile, tickets are still available for the Tribute to Creedence Clearwater Revival on Saturday October 21st and Tribute to The Doors on Saturday November 11th.

Also coming up this month HHT is a special Double Feature Movie Screening. "Man From Earth" is a 2007 science fiction thriller written by local Screen Writer, Jerome Bixby. One of HHT's owners, Emerson Bixby, is the son of Jerome Bixby and has written a sequel to his father's film. "The Man From Earth: Holocene" continues the story of a 14,000 year old man who must flee when a group of students discover his secret.

"Man From Earth" and "Man From Earth: Holocene" will be shown daily Wednesday October 25th thru Sunday October 29th. Showtime is 7:00 pm and 8:40 pm.
